### Support and Services:

Technical Support & Service for Stainless Steel Coil

We provide comprehensive technical support and service for stainless steel coil products, including but not limited to:

Technical consultation

Product selection advice

Product performance testing

Product installation and maintenance instructions

Product warranty and after-sales service

### Packing and Shipping:

Packaging and Shipping of Stainless Steel Coil:

Stainless Steel Coils are generally packaged in a wooden pallet or a cardboard box, and then are wrapped with plastic film. If the coil is very

heavy, a metal frame will be used to fix the package for shipping. Delivery of the Stainless Steel Coils is usually done by truck or rail.
